Baker Bros. Nurserymen

Fort Worth, . . . Texas

ESTABLISHED

1 8 8 4

WE have disposed of our seed and floral business and shall devote our whole time to the demands of our nursery. We established our nursery in Fort Worth thirty-eight years ago and the growing of trees has always claimed our chief attention. There is an ever-increasing demand in this section of the country for a greater variety and better stock of trees, especially what is called ornamental stock, such as evergreens, shrubs, roses and shade trees.

We now have growing in our nursery what we believe is the best assortment of fine nursery stock to be found anywhere in the Southwest. Wherever it is possible to do so, our customers should come to the nursery and see for themselves. In this way they can make their own selections.

WHY BUY FROM US. In addition to giving better stock than is offered by most other nurserymen, we think we can sell good stock cheaper than others, because we do not employ agents or solicitors in any capacity. We do not publish an expensive catalogue and do not maintain an expensive city office, but grow our own trees on our own land, and sell only for cash, thus eliminating much of the usual overhead expense and heavy losses from bad accounts. In this way we can give our customers the benefit of these advantages in reduced prices and better stock.

OUR GUARANTEE. We guarantee to send out healthy trees, true to name and free from disease, and if we fail in this we stand ready, upon proper proof, to replace such stock, or refund the purchase price, but we do not hold ourselves liable for an amount greater than the original price. **BUT WE DO NOT GUARANTEE STOCK TO LIVE.** We are unwilling to be responsible for improper planting, handling and cultivation; for drouths, freezes, bad soil, insects, rabbits, diseases or anything else that might prevent a tree from growing.

If goods are not accepted on these conditions they must be returned at once. Not in one case out of ten is the nurseryman responsible for the failure of trees to grow, and for this reason we are unwilling to assume any responsibility.

We are always glad to have visitors. Riverside jitneys pass our nursery every few minutes. Take cars on Commerce Street anywhere from Tenth to Third Streets.

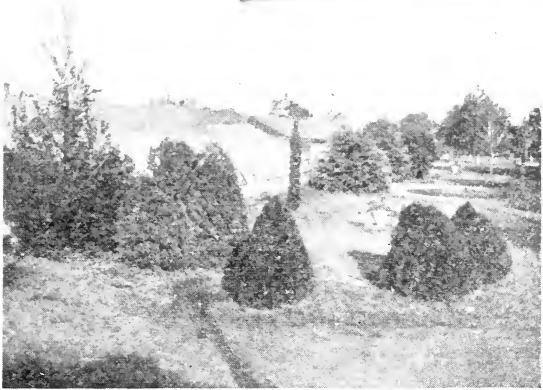

TERMS: Cash with order. We deliver our trees in good condition to the transportation companies, but do not give any guarantee as to their safe delivery or as to their growing. All prices f. o. b. Fort Worth.

RELIABILITY. We are members of the American Association of Nurserymen, and no one can obtain or retain membership in it who is not honorable and fair in his dealings. Address

RASPBERRIES

	Doz.	100
Black Cap, and Red.....	\$0.75	\$5.00

Ornamentals

Good SHADE TREES are scarce this season throughout the country. During the war, very few nurserymen kept up their plantings of shade trees, partly on account of the scarcity of labor and partly because of the light demand for trees. We foresaw this condition and continued to plant our usual stock, and so we are now able to offer plenty of shade trees in good assortment of kinds and sizes, and at prices much cheaper than those nurserymen who have to buy their stock.

EVERGREENS also are in great demand, but we have the largest stock and best assortment we have ever grown. A nursery salesman who visited our place lately said we had really more good evergreens than he had seen in all of four Southwestern States combined. We also have our usual good stock of SHRUBS. Anyone needing a good supply of large stock in great variety for parks, cemeteries or private estates, should send a representative to see our stock and get special prices.

Our Elms 22 Years Old. The Center Tree Has 48-foot Spread.

Shade Trees

Ash, Native:	Each	Doz.
3-4 feet	\$0.25	\$ 2.50
10-12 feet	1.00	10.00

6-8 feet	1.00	10.00

Our Shrubs Six Months After Planting.

Shrubs

Price:	Each	Doz.
Strong 1-year-old	\$0.40	\$4.00
Strong 2 to 3-year-old75	7.50

Altheas. Mixed colors.

Berberis, Vulgaris.

Berberis, Thunbergii.

Buckeye, Yellow.

Buddleia, Magnifica (Summer Lilac). 50c and \$1.00.

Caragana (Siberian Pea Shrub).

Cephalanthus (Button Willow).

Chilopsis Linearis (Purple Flowering Willow).

Chilopsis L. Alba (White Flowering Willow).

Crape Myrtle. The best shrub for Texas. Crimson, Pink, Purple, White and Dwarf Blue.

Cornus Floridus (White Dogwood).

Cornus Stolonifera (Red Bark Dogwood).

Deutzia (Double White).

Deutzia (Double Pink).

Desmodium Pendulafolia. 50c each.

Euonymus Alatus.

Eleagnus Edulis. \$1.00 each.

Exochordus Grandiflora. 75c and \$1.50 each.

Forsythia.. Four varieties.

Honeysuckle, Bush or Upright. Pink and White.

Hydrangea Arborescens. Large White, the best variety for this climate. 75c each.

Hypericum Moserianum. 75c each.

Hypericum Dissiflora. Upright. 50c each.

Hypericum Calycinum. 50c each.

Hardy Lantana. Orange Yellow, continuous bloom; stands zero weather. The best low growing shrub we know. Small plants, 50c; large, \$1.00 each.

Jasmine, Nudiflora.
 Jasmine, Primulinum.
 Judas Tree or Red Bud. For price see page
 Lespedeza. Bicolor.
 Lilac. Purple Persian. The best bloomer here.
 Meehan's Mallows. Improved Hardy Hibiscus.
 Philadelphus, syringa, or Mock Orange.
 Poinciana Gilliesii (Bird of Paradise).
 Pomegranate. Double Flowering. Beautiful shrub.
 Privet, Ibotia. Bushy.
 Privet, California. Upright.
 Privet, Regel's. Drooping.

NOTE: For other privets, see Ligustrums under Evergreens, page

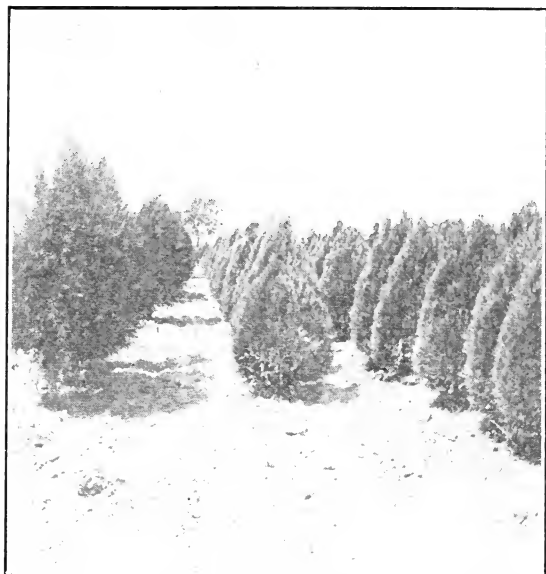

Rhodotypus Kerriodes. White.
 Rhus, Typhina (Staghorn Sumach).
 Russian Olive.
 Salvia Greggii. Popular low-growing shrub; red.
 Salvia Greggii, alba. White flowering.
 Sambucus, Nigra. Well-known elder.
 Sambucus, Aurea. Golden.
 Spirea Reevesii. Double White.
 Spirea Van Houttei (Briday Wreath).
 Spirea Billardii. Pink.
 Symphoricarpos Vulgaris (Coral Berry).
 Symphoricarpos Racemosus (Snowberry).
 Tamarix Hispida Estivalis. Pink; the best.
 Tamarix Odessana.
 Tamarix, Japonica Plumosa. Beautiful foliage.
 Vitex. Easiest growing shrub.
 Weigela. Pink. \$1.00 each.

Hardy Vines

Ampelopsis Quinquefolia (Virginia Creeper). 35 cts.
 Ampelopsis Veitchii (Boston Ivy). 75 cts.
 Antignon Leptopus (Queen's Wreath). Beautiful pink flowering vine. 50 cts.
 Bignonia (Trumpet Creeper). 35 cts.
 Clematis Paniculata. White, 50 cts. Extra heavy, \$1.00 each.
 Euonymus Radicans. Trailing evergreen. 50 cts.
 Honeysuckle, Chinese Evergreen. 35 cts.
 Honeysuckle, Belgian. 35 cts.
 Honeysuckle, Hall's. 35 cts.
 Honeysuckle, Red Coral. 50 cts.
 Ivy, English. 25 cts and 50 cts.
 Vinca, Trailing. Evergreen; fine for shady place. 25 cts. each; \$2.50 per dozen.
 Wistaria, Purple. Each, 50 cts.

Evergreens

Evergreens are becoming more popular every year, and will continue to grow in popularity rapidly, as it is learned that a great variety can be grown in the Southwest. One reason the evergreens have not been properly appreciated here is the fact that only a few of the commonest kinds have been seen growing, and these have given the impression of a graveyard. The chief reason for their unpopularity is that most of the plantings have been of spruce, balsams, American arbor-vitae, firs, laurels, rhododendrons and other kinds wholly unsuited to our soils and climate. But the truth is, we have more and prettier evergreens that thrive here than they have in the North and East. All of the evergreens listed below, both broad-leaved and conifers, are

Baker's Arbor Vitas In Our Nursery.

growing luxuriantly in our Nursery at Fort Worth without irrigation and that, too, during two of the hottest and driest seasons we have known in thirty-eight years. Another cause of failure is that heretofore it was the custom to plant evergreens bare-rooted, just as you do a tree. But this should never be done except with the Chinese Arbor vitae, the Euonymus and some of the other broad-leaf evergreens. The way to handle evergreens successfully is to move them with a ball of earth around the roots, securely held by burlap,—“balled” as we call it. In this way even trees 15 to 18 feet high can be moved successfully. The foliage of evergreens should be sprinkled every day or two during the first season. The roots should be watered once a week. If these directions are observed, evergreens may be grown with as much success as shade trees.

BROAD-LEAFED EVERGREENS

Abelia. Produces continually thousands of light pink flowers. 12 to 18-inch, 50c. Per dozen, \$5.00. Large plants, \$1.00 to \$2.00 each.

Catnaegus Pyracanthus. 2 to 3 feet, \$1.00 each; 3 to 4 feet, \$1.50.

Cape Jasmine. White flowers, large and fragrant. 50c each; large, \$1.00 each.

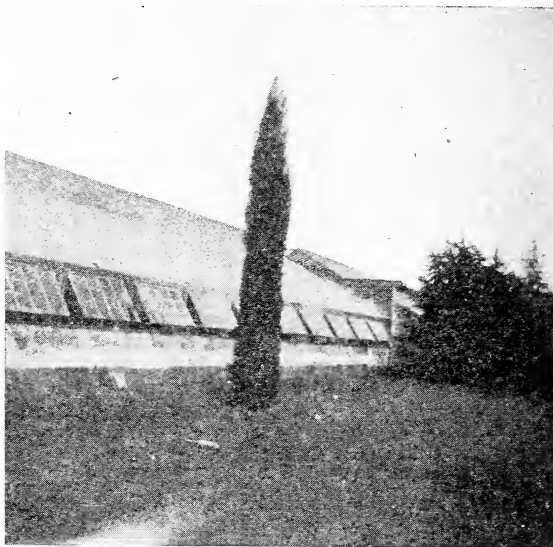

Eleagnus Edulis. 2 to 3 feet, \$1.00 each; 4 to 5 feet, \$3.00 each.

Euonymus Japonicus. Perhaps the best of our broad-leaf evergreens. Grows easily in sun or shade, and any soil. 12 to 15-inch, 50c; 18 to 24-inch, \$1.00; 2 to 3 feet, \$1.50; 3 to 4 feet, \$2.00.

Euonymus J. Compactus. Neat, compact form. Fine for vases and tubs. 10 to 12-inch, 75c; 15 to 18-inch, \$2.00.

Euonymus J. Aurea. Golden Leaf. 18 to 20-inch, \$1.50 each; 24 to 30-inch, \$2.50.

Euonymus J. Argentea. Silver Leaf. 18 to 20-inch, \$1.50 each; 24 to 30-inch, \$2.50 each.

Italian Cypress.

Euonymus Radicans. 50c to \$1.00 each.

Euonymus Seiboldii. 50c to \$2.00 each.

Feijoa. See fruit trees, page

Ligustrum Amurense. Fine feathery foliage. 2 to 3 feet, 25c; 3 to 4 feet, 50c; 4 to 5 feet, \$1.00.

Ligustrum Japonicum (Japan Privet). Large leaf; very popular. 2 feet, 50c; 3 to 4 feet, \$1.00.

Ligustrum Nepalense. Compact grower, waxy foliage. Small plants, \$1.00; larger, \$2.00.

Magnolia Grandiflora. 3 to 4 feet, \$3.00; 4 to 5 feet, \$4.00.

Myrtus Communis (Sweet Myrtle). Beautiful evergreen, small shrub. 12 to 15-inch, 75c; 18 to 20-inch, \$1.50.

Nandina. Very attractive. Foliage is a beautiful bronze all winter. 10 to 12-inch, \$1.00; 2 feet, \$2.50.

Southern Laurel. Sometimes called Wild Peach. 15 to 18-inch, \$1.00; 2 to 3 feet, \$3.00.

Yuccas. Several kinds, \$1.00 each.

Roses

We have 30,000 roses this season—extra strong plants, of the very best varieties for our climate. . They will be ready about November 20th and may be planted any time till April 1st. Early orders will insure the best stock and best assortment. If any of our customers are not ready to care for the roses early, we will hold plants for later shipment if desired. On such orders we ask a deposit of one-half the amount of the bill..

Price:

	Each	Doz.
Strong 2-year-old field-grown plants.....	\$0.50	\$5.00
Smaller 2-year-old field-grown plants.....	.40	4.00

We have a few extra heavy plants, in nearly all varieties, at 75c each, or \$7.50 per dozen.
